Endless Time...

Endless Time,
Waiting for none
But never ending

When it ends
It does not end
It just moves on
To a new ending

Time goes on
and on and on
Shifting the patterns
Shifting the sands
Recreating life
On and on and on

Endless Time
Everything changes
Days turn to night
Night turns back to day
We get born to die
We die to be born

Young grow old
New take their places

Endless Time
The world changes
The world remains the same
Everything changes
Yet nothing ever changes
