

## **EVERYTHING BLISS**

Remember to love  
light upon the gloom - make room;  
blossom ever more  
Watch flowering fields  
yield through this soulful silence;  
do without doing  
See His gift uplift  
offer such pure surrender;  
embody friendship  
Grow Love's beauty tall  
shine full sparkle - flowering;  
refine soul in all  
Feel heart's kiss light room  
find everything as blissfulness;  
extend perfect bloom
