STRENGTHEN ME TO FACE PROBLEMS

O God!
Before death conquers
Strengthen me to face more problems
Bless me to play with the waves and storms
Increase wisdom and dispel fear
Continue the existence of the world
With the blessings, humanity and vibrancy
Sea keeps on kissing sand dunes
Continue greenery of the trees
With their flowers, fruits
Nest, shelters and shadows
Men, birds and animals could enjoy life
Creatures pray, sing hymns
Lover and beloved have hands in hands
Warm up their feelings and emotions
Bright day move in sporting manner
Sorrows and anxieties lose their soul
And make my poems speak
In greater effective manner
Enlighten society and fragrant surroundings
Make it unique and distinct from the world
Let it cure soothe all
O Lord! Let my poetry become
Light and delight
O God! Inculcate the essence of
Qad Aflaha man zakkaha,
I implore you humbly
To give shape my thoughts and deeds.
